Sri Vayuputra Logistics

Trusted multi-service logistics partner delivering transportation, 3PL/4PL operations, warehouse solutions across South India since 2016 and PET trading and wholesale from 2025

Mission, Vision & Objectives

Vision

To be a trusted and innovation-driven logistics partner across India, recognized for reliability, operational excellence, and long-term value creation.

Mission

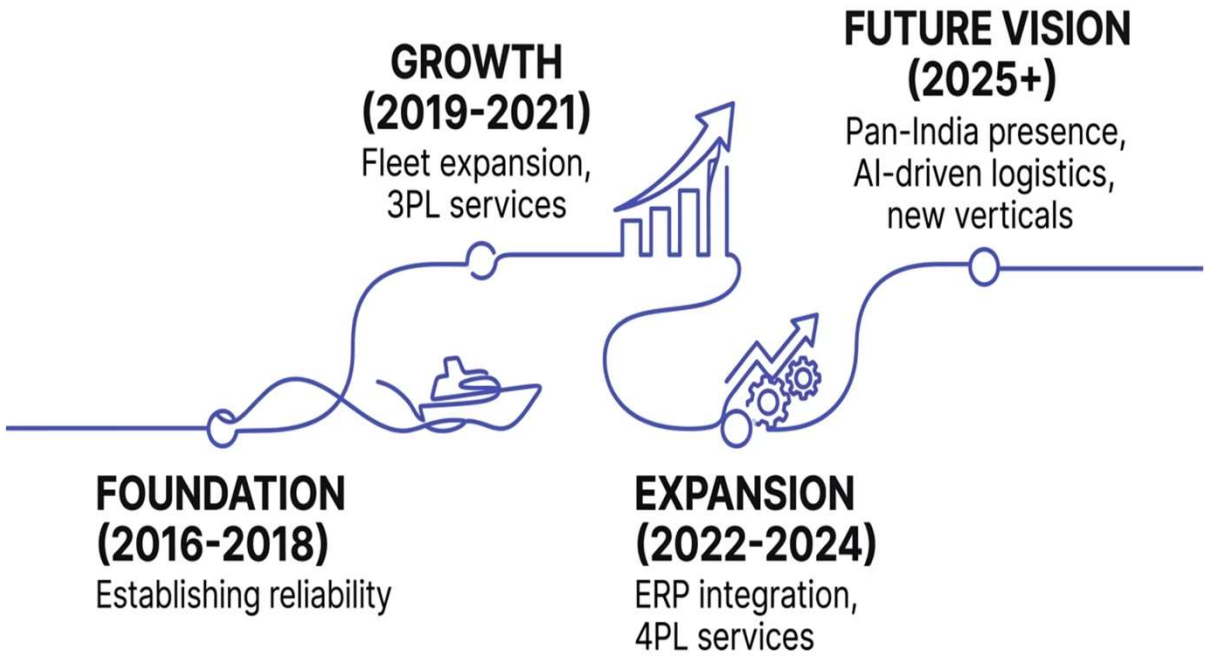
- Deliver seamless logistics, transportation, and supply chain solutions.
- Support FMCG and 3PL/4PL partners with consistent service.
- Maintain strong client relationships through discipline and accountability.
- Enhance efficiency through technology, planning, and trained manpower.

Objectives

- Strengthen logistics network across South India.
- Expand 3PL/4PL operations with leading FMCG companies.
- Enhance technology adoption through ERP integration.
- Increase fleet and manpower capability.
- Build diversified business streams.
- Deliver uninterrupted operations during disruptions.

Strategic Roadmap: Driving Future Growth

Our journey is structured into distinct phases, each building upon the last to achieve our long-term vision of becoming a leading logistics partner across India.



This roadmap highlights our commitment to continuous evolution, from foundational service excellence to embracing advanced technology and sustainable growth for a pan-Indian footprint.
